Mohammad Hussain just got an accolade!

"Its great to see Mohammad Hussain demonstrating Bias for Action. On multiple occasions he has taken up ad-hoc tasks/requests and worked on them quickly. He has earned trust and has become the go to person for the strategic brands team in transparency."

To Hussain, Mohammad

Hi Hussain,

Pt3 – If it is not necessary then remove.

Then arrange a meeting with team to explain this change and take their opinions. Then share it with team.

Subject: New query: Launch approval request

Hi Laxmi,

PFA the doc detailing the final query that can be released to our team (as a daily operational use case). This has a potential savings of ~0.11 FTE WoW.

All parts of the query has been double checked and verified for any issues. Please let me know if further clarification is required from my side.

Kind Regards,

Mohammad Hussain
